### JOHNSON'S VICTORY.

The signal victory of Hiram Johnson, the Lincoln-Roosevelt league candidate, in winning the republican nomination for governor, and carrying nearly all the candidates of that faction with him, will be variously interpreted. By some it will be taken as of more significance from a national than a local standpoint. The republican faction known as insurgents will claim that the result of the primaries must be accepted as an indorsement of their views. Indeed, this is the generally accepted interpretation that is spread throughout the country outside of California. It is healded as a decided gain for the opposition to Taftism, Cannonism and the present tariff schedule. We cannot take it to mean anything of the kind. The nomination of Johnson was secured on state issues. National politics had little to do with it. Johnson pleaded for support on the anti-railroad cry, "Kick Herrin and the Southern Pacific company out of control of the state government, and restore the control to the people where it rightfully belongs." This was the campaign argument that turned the trick. The farmers and orchardists, who realize but a scant profit on their products, were willing enough to attribute the cause in a measure to the railroad corporation, and were swept to the support of Johnson in the hope of obtaining some relief. When this element was reinforced by the Lincoln-Roosevelt league, or insurgents proper, it was strong enough to capture the nomination from the divided forces of the other candidates. On this particular anti-railroad issue Johnson proved far stronger than the political organization behind him. This is shown by the fact that while the head of the ticket won out by a big plurality, the other candidates had all they could do to pull out with a bare plurality, and in one or two instances were defeated. The outcome can only be accepted as decisive on the proposition of cutting loose from alleged railroad domination. All other debateable points are in abeyance. We do not believe the ascendant faction is desirous of forcing any other issue to the front just now. There is little difference as regards state policies between Hiram Johnson and Theodore Bell, his democratic opponent for the governorship. There is not the least excuse for republicans to vote for Bell, and very little reason for the thousands of democrats who registered as republicans to aid in the nomination of Johnson going back to the democratic camp.

### TINKERING WITH THE LICENSE QUESTION.

An ordinance is before the city trustees of Jackson which proposes radical changes in the retail liquor license. It is proposed to limit the number of saloons within the city limits to twenty. This is to be brought about by refusing to issue a permit to reopen a saloon after it has suspended or gone out of business. It proposes to vest the saloon license in the proprietor, and not in the premises where the business is conducted, as the law now provides. The viciousness of this will be realized when we state that this would enable a renter, on any pretext whatever, vacating one location and packing his license with him to another. Just fancy property holders being subjected to the menace of such an arrangement. It would amount to granting a right or franchise to the saloonman worth thousands of dollars, and entirely independent of any particular place of business. In years to come the value of the license privilege might far exceed the value of any saloon real'y in the city. He could sell the license, which cost him nothing, for a handsome sum, and would doubtless consider himself exempt from the payment of taxes on such property. It is not proposed to make up the deficit of one-third in the revenue from this source by an increase in the saloon license tax. The deficiency would have to be made up, we presume, by raising the assessment roll or the tax rate, for the benefit of the license lords so created by the grace of the trustees. The proposed ordinance provides that wholesale dealers and grocers selling liquor in quantities of one pint or over, shall pay a license of \$20 per quarter—the present license is \$7.50 and \$10 per quarter. The new ordinance is reported to have been concocted from the outside. It was introduced by trustee Barton. It comes up for final action next Thursday, and it is well for all parties interested to be on their guard. The move is not likely to be favored by the trustees, if properly presented before that body.

## SCIENTIFIC MISCELLANY

Reported weekly for the Ledger

The Earth Never Was Molten—The Molybdenum Arc—The Map of the Moon—Flies in England—Balloon Gas—First Steps in Soil Improvement—Fire Tests of Clothing—A Flame Pulse Recorder—A Magnetic Lamp.

A self-heating crust resting on a solid nucleus is the conception of the earth that Prof. E. H. L. Schwarz, a South African geologist, finds to agree with modern evidence. The nebular hypothesis of Kant and Laplace has proven untenable, and the new planetesimal hypothesis of Prof. T. C. Chamberlin, the American geologist, conforms much more closely to observed facts. This theory assumes that a small solid nucleus has been gradually enlarged by the fall of meteorites. When the globe was small, radiation must have been rapid enough to keep the mass at about the cold of outer space, and not until the atmosphere and water appeared could mechanical and chemical action have produced heat more rapidly than it passed away. The physical condition of the earth's interior is now known from the vibrations that pass through it. The earthquake waves recorded by instruments are of two kinds—the ordinary kind passing through solid, liquid or gas, while the transverse waves cannot be transmitted by liquid or gas, but travel in a straight line through the earth. These waves are suddenly accelerated when they descend below 30 miles, indicating a nucleus twice as dense as steel. The earth's heat increases downward to a limited depth, chemical action probably does not go below 5 miles, and heating from radium and other causes probably ceases at about the limit of water percolation—perhaps a depth of 30 miles. The lava of volcanoes is due to local causes—not reaching below 10 or 12 miles.

Molybdenum or its oxide is now combined with a material of great electric conductivity to form an improved arc-lamp electrode. With an electrode of 10 per cent of metallic molybdenum and 9 of metallic iron, a white arc of great volume and brilliancy is produced.

The new general map of the moon, on which Goodacre has been at work 7 years is based on determinations of 1433 points, and is much more exact than Schmidt's map.

Flies in dwellings have acquired ill-repute as carriers of disease, though little is known of the extent of the harm they do. Dr. Robertson, health officer of Birmingham, Eng., reports that the local investigation has indicated a close connection between flies and epidemic summer diarrhoea, and it is supposed that the flies spread infection by means of germs taken up from the decomposing garbage and other filth on which they live. The flies of towns are of several kinds. Of those actually caught in Birmingham for identification, the common house-fly numbered 22,350 specimens, or 91 per cent of the whole; lesser house-fly 1,154, or 4.7 per cent; blue-bottle fly, 840, or 3.4 per cent; special fly, 190; greenbottle fly, 12; bright blue fly, 8; stomoxys calcitrans fly 3; others, 5—the total of the five last-named varieties equaling 0.9 per cent. The eggs of the common house fly—chiefly deposited in horse manure and house refuse—were found to hatch in 8 to 24 hours after being laid. It was shown that food attracted flies, and that a greater number entered houses on a wet day following a warm period, evidently seeking protection from rain.

Search for a new gas that shall be very light and very cheap has been stimulated in Germany by the progress made with airships. Hydrogen, the lightest of all gases, is very expensive and, the much cheaper coal gas is comparatively heavy. An intermediate product is now claimed to give great promise. It results from passing coal gas through a long tube kept very hot the separation of carbon from the hydrocarbons raising the percentage of hydrogen, to 80, while the characteristic odor is destroyed, and the benzene—so damaging to balloon varnish—is removed. The treated gas shows great improvement in buoyancy. The specific gravity is reduced from 0.44 to 0.225 and a balloon of 7,000 cubic feet is given the lifting power of a balloon of 10,000 cubic feet filled with ordinary coal gas.

The soil surveys of the United States government, carried on so far in 20 states, have already shown 700 types of soils. Bringing these soils to the highest efficiency will constitute one of the greatest future additions to national wealth.

Inflammable wearing apparel has been responsible for so many fatal burning accidents among children that the British Fire-Prevention Committee has been making an investigation, and has undertaken to classify textiles

according to inflammability. For testing the materials they have laid down a number of rules. It is required that three samples of about one square yard each shall be washed with soap and water and ironed ten times; shall be ironed once in addition within three hours but not less than one hour before the test and shall feel dry on testing; shall be measured exactly and not allowed to vary more than ten per cent from one square yard; shall be in rotation suspended vertically from a wooden lath by three tacks; and a lighted taper one-eighth inch in diameter shall be applied for 15 to 30 seconds the center of the bottom edge. If in the three samples an average of not more than five per cent of the area actually under test is burned as "not flaming;" if less than 25 per cent, as "flaming readily; and if more than 25 per cent, as "burning rapidly"

Heart disease is studied in Berlin by means of small flames, which are very sensitive to slight vibrations, and show minute peculiarities of the pulse. A wide paper tape is made to travel over two smoking gas flames in such a way that two lines of soot are traced on the paper. The gas feeding one flame passes through a special chamber, connected with a tube terminating in a kind of telephone transmitter with very sensitive diaphragm, and when this transmitter is placed over the patient's heart the vibrations of that organ are passed through the gas to the flame. The slight flarings are recorded by the paper tape. The characteristics of the heart-beats are shown, and the second flame, vibrated by a tuning fork, gives a time record.

An electromagnet base or socket has been provided for the incandescent lamp. It can be attached instantly to any iron or steel body, and is held firmly at any angle while being used, yet when desired can be removed by a slight pull and moved to a new place.

## FROM OUR EXCHANGES

### News of Interest from Near-by Counties

We have it from reliable authority that some one is blasting fish again on the Esperanza creek. The work is carried on during the night time. The water in the creek is now getting low and the various pools are alive with fish, mostly small ones, and it is into these pools that the dynamite is thrown. While the scoundrels get a few large fish by their damnable work, they destroy hundreds that are not large enough for any purpose. The game warden ought to exert his utmost endeavors to apprehend the miscreants, and if caught show them no mercy.—Citizen.

A large forest fire raged in the Jesus Maria country for a couple of days last week. It started on what is known as Wet Gulch and burned over a great deal of country before it was checked. The fire destroyed a one stamp mill and the building over it as well as damaging the engine that was used to run the same. Over one hundred acres of Noce's pasture near Whisky Slide was burned over, and there was also some fencing destroyed. Like all forest fires, the starting of this one is involved in mystery.—Citizen.

Dewey Fisher, the twelve-year opson of Mr and Mrs John Fisher, residing about 2½ miles above Sheep Ranch on the Armstrong road, came near being the victim of a fatal shooting last Saturday. From what we can learn of the particulars of the unfortunate affair, it appears that Alvin Carley, a lad about 17 years of age, had been stopping at Fisher's, and that Carley was the owner of a pistol which he had given to young Fisher to clean. This he did, and after cleaning the gun, he loaded it unknown to Carley. On the morning of the accident, Carley was getting ready to leave, and while packing up his things took the pistol and began snapping it. This he did several times, then placing the pistol near the mouth of Fisher boy, he began pulling the trigger. There was an explosion, and the ball tore through the jaw of Fisher and lodged in the back of his neck. Dr. Maddox was immediately called and Dr. Cooper was summoned from Angels. The best of care was given the wounded boy, and at last reports he was resting easily, with good promise of recovery, unless unforeseen complications set in.—Prospect.

### Democrats Joining Insurgents

Former Gov. Joseph W. Folk of Missouri, upon returning to Kansas City from a tour of the Western States, said at a Y. M. C. A. banquet in his honor:

"I found everywhere numbers of democrats joining the insurgents in the republican party. Right here is the danger to the democratic organi-

zation, and the sooner this fact is recognized the better. This movement toward the insurgent movement is not confined to one state, but in Oregon, California and Washington I heard the same story."

### U. S. Treasury Report

A surplus of over \$20,000,000 in the United States treasury was indicated in statement issued last Monday by the department based upon a year's operation of the new tariff law. This surplus is made up from other sources than the customs revenue, such as the new corporation tax, which produced \$27,090,934, and the internal revenue amounting to 271,120,142. But from the customs alone there came \$75,000,000 more than was collected in any other year except 1907.

### WINS NEW HAT

A San Francisco drummer and a local business man made a wager last week on the outcome of the republican nomination for governor. The Jackson business man favored Johnson, while the drummer bet on Curry. A new \$5 hat was the stake. Each secured from the other the color desired, and the dimensions of the cranium to be covered. Monday evening the express brought a brand new soft felt hat, dark brown, and very stylish. The box was marked price \$5, but the inside of the hat bore a price marked \$3. The hat was immediately donned and a due bill made out which will be presented when the loser reaches Jackson on the next trip for the other two dollars.

## SUTTER CREEK

Aug. 26.—Mrs V. W. Norton and sons returned Tuesday evening from an extended visit in Los Angeles with her sister, Mrs John Golden.

Henry Schoonmaker, a teamster in Sutter Creek, had one of his wrists badly wrenched last Friday while unloading logs from his wagon at the South Eureka mine. He is compelled to carry his arm in a sling, as the arm is very badly bruised.

Louise Walkmeister left Wednesday morning for a short visit with friends in Stockton.

Mrs Will Kerr and children of Stockton are visiting her mother, Mrs M. Lathlean.

F. A. Ball and wife returned Saturday from a pleasant camping trip to Silver Lake.

Charles Tyler and wife are the proud parents of a young son, which put in an appearance in their home August 20.

Mr and Mrs James Rickey went to Jackson this week to remain a short time with their daughter, Mrs W. H. Greenhalgh.

Mrs Sarah Donnelly of Sacramento arrived here Monday evening to visit a little while with relatives and friends. and is the guest of her brother, James Kerfoot and wife.

Leonard Prout, a miner at the South Eureka, met with an accident last Saturday in the mine by a blow on one side of his face from a falling rock, which cut a large gash and knocked him unconscious for a moment. Mr Prout was very fortunate in not being more seriously hurt.

### Unclaimed Letters.

Letters in the Jackson post office for the week ending August 25th:

Mrs Ashten, Benedetto Begliomini, W. J. Chynoweth, S. B. Davis, August Fravetti, Wm. Grimsley, Stephen Kevacevich, Harold Smith, John Solari, John Vokalovich, C. W. Woods.

## Republican Convention

The republican convention will meet to-morrow in the court room at Jackson. The business in order will be the election of two delegates to attend the convention, and the selection of a county central committee, to serve for the coming two years, and the transaction of other business.

The full list of delegates to said convention is as follows:

Republican delegates to county convention are as follows:

Precinct 1—W D Dufrene, A W Schacht, E Dufrene.

Precinct 2—R Webb, Jos Datson, H E Kay.

Precinct 3—Dr. A M Gall, Wm Daugherty, C B Arditt.

North Jackson—Joe Raggio, M Radovich.

West Jackson—Oscar Myers.

South Jackson—A L Stewart, W H Vela.

North Ione—Wm Dillian, W S William, Joe Sibole.

South Ione—W S Andross, D W Stewart, Jas W Sibole, F A Merrill.

Buena Vista—G Ellis, A Gower, Jim Tubbs.

Lancha Plana—Elmer Crail, J F Dogles.

Volcano—James Giannini, John Calori.

Oleta—Claude Wilson, D Hutchinson.

Pine Grove—Clarence Bradshaw, A Adams.

East Sutter—C Gorman, D V Ramazotti, W A Burris.

West Sutter—Fred Werner.

South Sutter—G Tolman, C H McKinney.

North Amador—W E Whitehead, W J Lane.

South Amador—L A White, J G Bennetts, A Francke, A T Deiner.

North Plymouth—Thos Davis.

South Plymouth—Chas Shields.

Forest Home—No votes.

Drytown—Allen McWayne, Henry Dickerman.

The biggest clubbing offer ever made. Amador Ledger and Bulletin—the leading evening daily paper of San Francisco, only \$3 per year, in advance. Subscribe now.

## COPPER HILL

Aug. 22.—Ted Word of Latrobe, accompanied his sister Jessie, were the guests of Mrs Downing on Saturday evening last.

Mabel McFarland of Forest Home was a visitor here one day last week. The young lady intended leaving soon for Stockton, where she will attend school.

Miss Gussie Thompson has taken a trip to the Encinal mine near Fairplay, where she will be the guest of Mrs Hart.

Mr and Mrs Chas Walton, who have been visiting relatives in Plymouth for a few days last week, have returned.

Mr McFarlane of Forest Home was a visitor here Sunday.

Mr and Mrs Ferd Malone have gone to Sacramento, where they will make their future home.

Mr Detert of Jackson came over to attend the funeral of Geo. Bonneyfoyer, which was held in Latrobe on Thursday, August 18th. He also remained several days at Copper Hill.

Mr and Mrs Frank Mann visited relatives at Uno on Sunday last.

Miss Eva Kendric spent a few days in Latrobe last week visiting friends.

Henry Kreth and Pete Sevey were visitors in Plymouth on Sunday last.

Fred Labadie of Drytown was here Monday peddling pears.

Miss Grace Roberts of Nashville is here on a visit to her parents.

Melvin and Eva Kendric made a flying trip to Latrobe last Monday.

Edgar Ekel has just purchased a fine auto.

George Felker, the genial blacksmith of Plymouth, was called down here last Sunday to repair Dr. Norman's auto.

Buster Brown and Mary Jane.

### Life on Panama Canal

has had one frightful drawback malaria trouble that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucam N. C., "and I've had good health ever since." Cures stomach, liver and kidney troubles, and prevents typhoid. 50 cents. Guaranteed by Spagnoli's drug store.

## Dance Greatly Enjoyed

Last Saturday evening the Boosters' dancing club of Jackson gave about the best ball thus far held by the county seat society, and in so doing, won for themselves much credit and praise. The boosters are using very clever tactics in letting outsiders know of their thriving city, and the balls cover the entire program nicely.

### 10 Pretty Postals Free

Send us the name and addresses of ten of your adult friends, in your own county, and we will mail you ten pretty postals free.

HOLDEN DRUG CO.,  
STOCKTON, CAL.

## Leaves Jackson

Arthur Mitnacht, who for some time past has been employed by Strohm at the local brewery, has moved his family and household goods to Salinas, where he has secured employment in Spreckels sugar refinery. Mitnacht left last week for his new field of labor.

Candidates should remember that the law provides that within 28 days after the primary election, each candidate is required to file with the county recorder a verified statement showing the expenses incurred by him in making the canvass.

### BORN

WOOLSEY.—In Ione, August 13, 1910, to the wife of Dr. G. E. Wooley, a daughter.

### DIED.

WHITE.—In Sacramento, August 20, 1910, Delilah White, wife of the late DeWitt C. White, mother of DeWitt White, Georgia May White and the late Frank L. White, sister of George W. Young, a native of Missouri, aged 76 years, 11 months, 21 days.

Deceased was a resident of Amador county in early days, and for several years lived in Jackson. She will be remembered by many of the old residents.

## PINE GROVE

August 24.—Miss Hilda Herbert is the guest of her aunt, Mrs Wm. Liversedge.

Miss Cornwell of Stockton, who arrived here Monday evening, has been engaged to teach the Pine Grove school. She returned to her home Thursday to remain until school opens.

E. Luttrell of Stockton arrived on Wednesday evening for a brief visit with friends.

B. W. Pitts, who has been at Kirkwoods station, has returned to his home.

Miss Elsie Luttrell, who has had a pleasant visit with her many friends here will return to her home in Stockton the last of the week.

J. W. Phelps and wife of Jackson are visiting the latter's sister, Mrs W. Liversedge. "Buela"

## LOCALS

Mrs Cleve Jones, and sister Miss Duke left this morning for Sacramento, to remain indefinitely.

Wm. Going, the courthouse janitor, is on vacation, taking in San Francisco and other points.

Miss Juliet Zucconi, who is attending school in Stockton, is here spending a vacation with relatives and friends.

## Marriage License.

A marriage license was issued in Sacramento last Saturday to Guiseppe Pinnelli of Amador City and Ermelindo Roos of Sacramento.

## Fire at Plymouth

On Tuesday evening last the slaughterhouse and granary of Lawrence Burke, situated near Plymouth, were entirely destroyed by fire, with their contents. The fire broke out about six o'clock in the evening. They were engaged in rendering fat at the time, and the fire was started from this cause. It was purely accidental in its origin. The loss is heavy, including besides the buildings, \$400 worth of hides, a large quantity of fat, grain, and a lot of implements. The total loss will foot up in the neighborhood of \$2000. There was no insurance on the property, the rates being so high as to be almost prohibitive.

### DOCUMENTS RECORDED.

The following instruments have been filed for record in the recorder's office since our last report. We publish a complete list of documents recorded, and must decline to accede to any request to suppress any document from these columns. Don't ask us to do so.

Deeds—San Francisco and Fresno Land Co to Mary Etta Stafford—Alpine mining claim, Plymouth district, also five acres adjoining, \$10.

Mary Etta Stafford to Alpine Gold Mining Co, \$10.

B F Taylor and wife to T J Seymour, part of lot 2 block 1, Jackson, \$10.

Harriet E Morrow to Ada Morrow—lot 21 of Hamilton subdivision of lot 4 block 6, Jackson, love and affection.

William C McLane to Oliver M Giles, lot 22 of subdivision of lot 4 block 6, Jackson \$10.

Mining Locations—Severino Guitiani locates Red Hill placer claim, 20 acres, Volcano district.

Walter Dent locates Last Chance placer claim, E½ of NW¼ of NW¼ of 4-7-12, Robinson district.

Chattel Mortgage—Nicola Popovich to Lazaro Radovich, wines, liquors etc., being half interest in saloon fixtures, \$350, 5 per cent per annum.

## SUPERIOR COURT.

HON F. V. WOOD, JUDGE

Chichizola Estate Co vs California Mines Company—No 2296—No appearance of defendant. Trial had, and judgment awarded plaintiff for \$3794 05; with interest at 7 per cent from November 1, 1909.

Chichizola Estate Co vs California Mines Co—Trial had, judgment for plaintiff for \$4556 20, with interest at 7 per cent from June 2, 1910.

Estate of Christina Kientz—Hearing partly had, and further hearing continued until August 29.

Estate of V Giovannoni—Receipts from heirs filed, and administrator finally discharged.

Knight & Co vs California Con Mines Company, Amador Keystone M Co—Suit to foreclose lien for materials furnished on the order of John Ross jr, as manager of the defendant corporation to the Keystone mine, at Amador City for \$725.70; also on assigned claims of Amador Lumber Co, for \$74 90; W O Tyler Co, \$157 63; the Blood Kelly Lumber Co, \$840 61. The total amount of claims, including costs of filing liens is \$2059.63, for which judgment is asked.

## KIRKWOODS

E. S. Pitois and his son returned from a vacation of three weeks in the mountains on Tuesday last. He spent 15 days in the vicinity of Kirkwoods.

Camping parties are numerous in the mountains this year, most at Kirkwoods. There are very few at Silver lake on account of the lack of accommodations. From 50 to 100 persons were camping at Kirkwoods when he left.

Fishing is excellent both at Silver lake and Caples lake. The fish are of good size, rarely less than 8 inches long.

The season has been an unusually dry one, and brooks and small streams that usually run all the year, were dry. Thousands of young fish have perished from this cause. McKinney and his partner have worked hard in transplanting the small fry from the shallow pools in the streamlets to the lakes, thereby saving many thousands.

The postoffice at Kirkwoods has not been abolished, but they are required to get the mail from Woodford's themselves, and go after it once a week.

Feed is scarcer than for many years, owing to the early disappearance of the snow, and the absence of the usual summer showers. The big storm of three weeks ago helped the grass some. Stockmen will have to leave earlier than usual this year.

The Silver lake road is in better condition this season than for the last twenty years. Supervisor Cook has done excellent work with the money at his command. He has blasted the big boulders and removed loose rocks. Beyond this he has graded the road in dangerous places, so as to give it a slope to the hill side, instead of to the deep gorges. His work is highly spoken of by all cattlemen and travelers.

## Serious Runaway

Gustave Denend and wife, while on a trip to visit the home of Denend's parents, who reside some distance above Volcano, met with what came near proving to be a fatal accident for both. Denend was driving a pole team and for some unknown cause, one of the horses took fright and started to rear and plunge. This frightened the other animal and in another instant Denend was hurled out of the carriage and on the rocky road bed. The horses started a mad dash ahead and after running about a mile, Mrs Denend attempted to jump. She was thrown into a bank of dirt, but other than receiving slight cuts and bruises, she was uninjured. The wife, after recovering her composure, started back along the road in search of her husband, whom she said she thought must have been badly injured. She found him lying where he had been thrown, unconscious and bleeding. She hastily went for assistance to the home of Wm. Deavers. Deavers hooked up a team and drove the victims of the accident to their home, where professional medical aid was rendered by a local doctor.

## Candidates Expenses.

Verified statements of expenses incurred by candidates at the recent primary election have been filed with the recorder as follows:

T M Ryan, recorder—fee 10, printing \$13, total \$23.

U S Gregory, sheriff—fee \$10, circulating papers \$30; traveling \$30, printing \$55, total \$135.

W H Greenhalgh, school superintendent fee \$10, circulating petition \$3, traveling \$9 25, printing \$15, canvassing of voters \$4 50, conveying voters \$1.

A Goldner, nothing.

G A Gritton, treasurer—Announcement in newspapers \$10, printing petitions, \$3, filing \$10, getting signatures \$2 50, total \$25 50.

J R Huberty, clerk—Advertising \$10, circulating petitions \$10, filing papers \$10, total \$30.

### Card of Thanks

To all kind friends who tendered their aid and sympathy during the sickness and death of our infant son, we tender our heartfelt thanks.

Mr and Mrs John Green.

### Card of Thanks.

We wish to thank the Native Daughters and all kind friends, who rendered aid in the hour of our sorrow, in the last sickness and funeral ceremonies of our beloved mother, Mrs Harriet E. Morrow.

Geo. C. Morrow  
Chas. A. Morrow  
Jas. W. Morrow  
Mrs Mayme Wilson  
Mrs Ada Giannini

## QUARTZ MT.

Aug. 24.—It is beginning to look like business in this neighborhood in the last few days. Mr Schultz, the millwright from the South Eureka was over measuring the ground for the new 20 stamps at the Bunker Hill Sunday, and Mr Darrow, who has the cyanide plant below the mill, is preparing to enlarge his plant to handle all the tailings.

Several of the boys went deer hunting Sunday, but failed to bring home any venison. Bob Kerr got a jack rabbit and A. McColly killed a big rattler with 18 rattles. Mack says it scared him so bad that he got kind of rattled himself.

The Treasure mine is running along nicely, and will soon be ready to put up a mill.

Mr Gardner and Emmet Ford went to the mountains about a week ago and got home last evening. They did not say whether fishing was good or not, as Mr Gardner's main object was to take his little boy Leland away for a while, so he would forget his experience in the runaway.

The school is running along nicely, but has only four scholars attending.

Misses Hattie and Eva Dynan are visiting friends at Martell.

Bust Sexton has given up mining, after working in the mines for 14 years. While working in Tonopah, he discovered a remedy for sick cattle, and thinks he can make more doctoring cattle than in the mines.

D. W. Peck, the old man I have spoken of before is worrying along slowly. He sits and talks to himself all day long. I can't see why some of his brother Odd Fellows don't call and see him once in a while. It would take some of the worry off his mind.

Ed. and Wm. Jeffries are chopping wood for winter before school starts in Amador.

Dynan is still running the rock breaker at Bunker hill.

A. McCully and Jim Allen are still cleaning up around the Keystone mill, and from all accounts they make good wages.

Pearl Hambrick and wife got back from the mountains a few days ago and report having a good time.

Howard Dynan says he is going to join the Salvation army the next time it comes to Amador.

There was quite a brush fire started here this afternoon, but I think they have it under control.

The roads are so bad that most of the teams have to go around by Plymouth to get their logs into the mines at Amador. Truth.

## PLYMOUTH

Aug. 32.—Miss Dora Snable of Placerville is visiting relatives and friends here.

Mrs Fannie Thomas has been quite sick for the past week.

D. Burke of Jackson was a visitor in town last week.

M. Leach has returned from a trip to the mountains.

Paul Estey has returned from Sacramento

Geo. Roberts and family, also Jake Reeves and wife have gone to Cosumne to spend a few weeks.

Mr and Mrs Scott are the proud parents of a fine baby boy.

J. Avis and wife of Jackson were visitors in town last week.

J. A. Vanderpool and family have gone to the lakes for a few weeks.

Mrs Whitmore, who has been under medical treatment at Sacramento, has returned very much improved in health.

N. E. Wheeler and son Vern have gone to the mountains for a pleasure trip.

Mrs Packard has returned home.

Chet Freeman and Tom Burke have returned home from a trip to the mountains.

Mrs Walter Speakman and daughter Blanche, spent last week at Shenandoah Valley visiting her mother.

Mr Morgan has resigned his position as superintendent of the St. Bernard mine and returned home.

Mr Carter is in town this week.

The slaughterhouse of L. Burke was destroyed by fire Tuesday evening. Maybe.

## Foot Badly Injured

John Firenzi, who resides with his sister on Broadway, this city, had a narrow escape with his life on Wednesday evening as he was riding along Water street on horseback. Firenzi is employed by Fred Rabb, the local butcher, and was after cattle at the time of the accident. The horse slipped and fell and the young fellow rolled under him.

Firenzi, however, escaped with a crushed foot, which was treated by Dr. Goodman of Sutter Creek who hastened to Jackson in his auto.

## AMADOR

Aug. 24.—The ladies aid society will have refreshments for sale Saturday at the office of O. E. Martin.

Mrs Bennetts Sr. has been on the sick list this week.

We are pleased to say Mrs Rogas is improving daily.

Mr Ruckett is suffering greatly from some affliction. It is reported that he will have to undergo an operation.

Mrs John Nichols has gone to San Francisco on a visit to her relatives.

Mr and Mrs O'Brien and daughter Lizzie, are visitors of Mrs Dennis Kelley.

Mrs Morrow and daughter Veda, left for the city Sunday. Mrs Morrow has been sick for a number of weeks.

Mr and Mrs Borglan left this morning on the outgoing stage. Mr Borglan has been employed at the Amador mill.

Morton Hambley returned home Tuesday, after his vacation.

The woodhauers are kept quite busy.

James Hibbard, an old gentleman of this city, succeeded in walking to Sutter Creek Tuesday.

## VOLCANO

Aug. 23.—While teaming at the Denend ranch, Jesse Denend was thrown from the wagon and sustained several slight injuries.

T. Marsino made a business trip to Sutter Creek Wednesday.

Percy Truebody, who has been employed at the Tiger creek saw mill, departed for Sacramento Wednesday.

Miss Mayme Bonneau is visiting relatives at Amador City.

Miss P. Haley was over from West Point Saturday.

Mr and Mrs McKenzie returned Monday, after a pleasant visit at the home of Mr McKenzie's sister, Mrs Wm. Lessley at the Strickland place near Sutter Creek.

Mountain Rosebud.

## MARTELL.

Aug. 23.—Misses Hattie and Eva Dynan are visiting friends here.

Miss Viola Darling has a bad attack of malaria.

Miss Elsie Rule of Bunker Hill visited her aunt, Mrs Al. Darling last week.

C. E. Froelich and son Clarence are spending a few days in the mountains.

Guy Keffer, who has been working at the depot for several months has returned to his home at Buena Vista.

Mrs John Gubbins left for the city Sunday.

Our little Sunday school is progressing, nine new pupils having been added last Sunday.

Percy Tyack attended the Wild West show last Friday night, and was so frightened at the unruly horses that he climbed one of the tent poles.

Geo. Wiley is in Ione helping Jasper Johnson run his business.

Wallace Mounter spent Sunday with his parents in Jackson.

Mrs Andrew Darling and Mrs C. E. Froelich visited Mrs Clark Courtright of Stony Creek Wednesday.

Ralph Miller of the Amador Central has returned from his vacation.

Elsworth and Frank Hultado of Sacramento, are here on a visit to their aunt, Mrs Al. Darling.

David Usher, a graduate of the Los Angeles automobile school, is visiting here, and is prepared to hire out as chauffeur. Jeffries.

## JACKSON CITY ITEMS

Continued from Page 1

J. F. Wilson, Dentist, Hours 9 a. m. to 5 p. m. Phone—Office, Main 75; residence, black 394; Jackson.

John Fontenrose, who is employed by the Pacific Gas and Electric Company of Oakland, returned to his place of employment last Monday.

Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me.—J. H. Walker, Sunbury, Ohio.

Miss Elsie Norman of Sacramento, is spending her vacation in this city.

Dysentery is a dangerous disease but can be cured. Chamberlain's colic, cholera and diarrhoea remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all dealers.

Father Oliver Walsh, with his sisters Grace and Alice, are visiting Miss Murphy at Butte. Father Walsh expects to leave shortly for Chicago.

G. W. Weller has secured the services of Fred Friswell, of New York, who is a capable plumber and sheet-metal worker. Estimates will be furnished on such work on these lines. Give us a call.

D. P. Murphy of near Butte had to shoot a valuable horse the other day on account of a broken leg received by a kick from another horse.

In buying a cough medicine, don't be afraid to get Chamberlain's cough remedy. There is no danger from it, and relief is sure to follow. Especially recommended for coughs, colds and whooping cough. Sold by all dealers.

Fred Ray of Salinas City, brother of Miss Thompson, the telephone operator, is visiting in this city.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's regulants act gently and cure constipation. 25 cents. Ask your druggist.

E. H. Harrington left Sunday morning with his family for some seaside resort, where he will leave his family for a vacation during the summer.

Road and state poll taxes are now due and payable to the assessor, and will be delinquent in August. Pay up and avoid the penalty.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Judge Wood and Mrs. Wood returned from Contra Costa county Sunday evening, where the latter has been visiting for several weeks for the benefit of her health.

Be sure and take a bottle of Chamberlain's colic cholera and diarrhoea remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all dealers.

### Base Ball Game

The baseball game on Sunday last was far from what it should have been according to reports reaching us concerning the game.

The score of 15 to 8 suggests of itself very loose playing. Jackson was facing a team from Sutter Creek, and although the visitors play good ball as a rule, Sunday last, must surely have been a day off.

Jackson had her regular team in the field. Huber pitched a portion of the game, Steel was absent owing to an operation which he has been compelled to undergo, as the result of an ulcerated tooth.

### Temby Passes Away

Richard Temby, a native of England, age 69 years, passed into eternity on Wednesday morning last at the county home, and was buried in the protestant cemetery, Rev. Thos. H. Nicholas officiating. Temby was a miner working about Jackson for many years. He was afflicted with miners' consumption, which terminated in his death. He was admitted to the county hospital about six months ago, when he was compelled to quit work, owing to his failing health.

The deceased leaves no relatives, his wife having died some years ago without children.

## INHALING FLAME CAUSE OF DEATH

### Further Particulars of Fatal Accident at Copper Hill

Further particulars of the fire which swept over a large tract of W. F. Detert's land in the neighborhood of Copper Hill mine, and which resulted in the death of George Bonnefoy, the foreman of the mine, from fatal burning, tend to correct some erroneous ideas which have been entertained in regard to the calamity. It appears there was no backfiring, so that the victim was not caught between two fires, as has been generally supposed. It is believed that with the exertion of fighting the fire with the others, and when the main object of saving the buildings was attained, he repaired to the shade of a tree, and sat down to rest. This was the last seen of him until he was found in the fire-swept zone unconscious and terribly burned. He was found, however, some distance from the shade tree under which he had rested. It is thought that after resting, he started homeward, or to join his companions. A charred log in the line of his tracks is believed to have played a part in the disaster. It is thought he stumbled over this log while it was burning, and received a portion, if not all, of his injuries. That death resulted from injury to the vital organs through inhaling the flame was conclusively proven, but whether this breathing of flame occurred in fighting the fire, or at the time he fell over the burning log is uncertain. He had two trained nurses attending him and everything that medical skill and careful nursing could do was done to save him. The fatal termination was indicated to his nurses when the membranous lining of the lungs was expectorated.

His place as foreman of the copper mine has not been filled as yet. Frank Taylor, the superintendent, is doing the work at present.

The fire swept over about 700 acres of land, destroying all the dry feed thereon. It is positively known that the fire was started by two boys indulging in cigarette smoking.

### The Best Hour of Life

is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For, after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its surest and best remedy for diseased lungs, hemorrhages, la grippe, asthma, hay fever—any throat or lung trouble. 50c. \$1.00. Trial bottle free. Guaranteed by Spagnoli's drug store.

## 70 Years with Coughs

We have had nearly seventy years of experience with Ayer's Cherry Pectoral. That makes us have great confidence in it for coughs, colds, bronchitis, weak throats, and weak lungs. Ask your own doctor what experience he has had with it. He knows. He can advise you wisely. Keep in close touch with your family physician. No alcohol in this cough medicine. J. C. Ayer & Co., Lowell, Mass.

Be well; be strong. You cannot if your bowels are constipated. The best laxative is Ayer's Pills, all vegetable. Ask your doctor if he agrees with us. Do as he says.

## Rough Riders Are Equal to Occasion

Stanley's rough riders gave two exhibitions in this town last Friday and Saturday evening, and were greeted at each performance by a large audience. Stanley, as a master of horse flesh, is a wonder, and his performing feats are marvelous and thrilling. The pony express act of mounting and dismounting racing ponies, the cossack drag act, where he hangs to the saddle by his legs, dragging his head and arms along the ground, and picking up articles on a dead gallop, are a few of the many acts of his exhibition.

Stanley holds the world's championship for bronco riding, winning it at Cheyenne in 1908, at which time the showman rode Steamboat, the famous Wyoming outlaw horse. The belt is a beautiful piece of workmanship and the history of the belt, plated in silver is fastened to it.

Leroy Nevins and Bosco, the Oklahoma kids, commonly known as the Katzenjammer kids, rode Jeffries, the bucking bull.

Ed. Gibson, a solidly built son of the plains, rode a horse named Grave Digger. This animal held the attention of every attendant, Jessie Snow, champion bronco rider of Montana, demonstrated very cleverly that he can handle anything on four legs. Handsome Harry, of Oklahoma and Panhandle fame, rode Dynamite, a buck that would shudder the average rider and make any bronco buster hold tight, or get blown up.

J. F. Stanley, son of the famous rider, is a chip of the old block, rode a horse called Black Demon to a finish, young Stanley is an exceptionally clever Mexican rope spinner, and a leading feature of the performance.

The proprietor of the show formerly rode with Pawnee Bill, Buffalo Bill and other similar Wild West shows throughout the world. He uses a \$250 saddle, which was worn in a contest in Cheyenne some years ago.

### Staggers Skeptics.

That a clean, nice fragrant compound like Bucklen's Arnica salve, will instantly relieve a bad burn, cut, scald, wound or piles, staggers skeptics. But great cures prove its a wonderful healer of the worst sores, ulcers, boils, felons, eczema, skin eruptions, as also chapped hands, sprains and corns. Try it. 25 cents at Spagnoli's drug store.

### Killed Rattle Snake

Dave Oneto killed a rattler last week that had two rattles and one button. The snake was seen crossing the road near the Weiland mine and Oneto secured a large club and dispatched the reptile after a few minutes battle. Oneto reports that there are many rattlers killed each week in the vicinity of Clinton.

ANY LADY can easily make from \$18 to \$25 per week working for me quietly in her own home locality. This is a bonafide offer—one which will pay you to investigate, even if you can only spare two hours per day. No investment required. Turn your spare time into money. Write me at once for particulars. Address MARY B. TAYLOR, Box 30, Woman's Building, Joliet, Illinois.

## RADICAL STEP TAKEN IN TEXAS

### Republican Party Tears Away from Negro Organizations

Under the leadership of J. O. Terrell of San Antonio, a native Texan, the republican party of this state has taken the most radical step attempted by a political organization in many years.

The keynote of Judge Terrell's address at Dallas was his declaration that the party was free from negro domination or influence and while an attitude of justice towards the negro race would be maintained at all times, the party was controlled by white men for white men. Credit is given to Col. Cecil A. Lyon, state chairman of the Republican Executive Committee.

Such an announcement five years ago would have been suicidal to political ambitions of any man in republican ranks in Texas. That the enunciation was cheered heartily and commended enthusiastically by the delegates at the Dallas Convention shows the change wrought in Texas in the past few years.

The cry of the republicans from now on will be that the party is truly a white man's party. Every citizen of Texas will be invited in with the assurance that the support of the republican candidates will not mean the encouragement of negro domination or have the least effect on the race question.

In Judge Terrell's address these are most characteristic expressions:

"Texas is coming into its own; no longer dominated by an alien race, but controlled by white men for white men."

"The republican party has not ceased to ask justice for the negro race, and will see that he gets it."

"However, the reins of government must and will remain in the hands of the white race."

This declaration leaves the negroes without a party in Texas. They are invited to affiliate with the republican party, guaranteed justice and fair treatment, but are told frankly and plainly that the party has cut loose from them as far as they are a dominating political influence.

The step was suggested because it is desired to draw into the party the thousands of farmers and others from the Central States who have settled in Texas within the past three years. Nearly all of these are republicans. There are but 10,000 qualified negro votes in Texas. Should the party loose a good percentage of this vote it would be more than offset by the great number of new comers who will affiliate with a white man's party.

At the convention at Dallas there were but six negro delegates. These were accorded seats on the convention floor at the rear of the hall and took no part in the proceedings beyond registering their votes.

OF SACRAMENTO, CALIF. SAN FRANCISCO

sinking fund at that time, and thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the county of San Francisco, and also in one newspaper published in the city of San Diego, and also in one newspaper published in the city of Los Angeles, stating the number of bonds so drawn, and the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year, beginning with the year nineteen hundred and fifty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Diego harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially, and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same fall due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect for the thirty-first day of December, nineteen hundred and ten, and to all its provisions, except those relating to and necessary for its submission to the people, and for returning, canvassing and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be held in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon, and at the end thereof, the words, "For the San Diego seawall act," and in a separate line under the same words, "Against the San Diego seawall act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Diego seawall act," and all those voting against said act shall do so by placing a cross opposite the words "Against the San Diego seawall act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and it appears that said act shall have received a majority of all the votes cast for and against it at said election, as aforesaid, then the same shall have effect as law, and the act shall be irrevocable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation to that effect, and a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be held in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Diego harbor improvement fund, on controller's warrants duly drawn for that purpose.

Sec. 12. The state controller and state treasurer are hereby directed to transfer from any moneys paid into the San Diego seawall fund under the provisions of this act to the general fund of the State of California, any and all sums of money theretofore transferred from said general fund to the San Diego seawall fund, together with interest on said moneys from the date of transfer at the rate of four per cent per annum.

Sec. 13. This act may be known and cited as the "San Diego seawall act of 1909."

W. R. PORTER,  
President of the Senate.  
P. A. STANTON,  
Speaker of the Assembly.  
Approved April 16th, A. D. 1909.  
J. N. GILLET, Governor.  
Endorsed: Filed in the office of the Secretary of State the 7th day of April, A. D. 1909, at 12:05 o'clock p. m. C. C. Curry, Secretary of State.  
By J. Hoesch, Deputy. Jy29-15

## CALL FOR Republican County Convention

Notice is hereby given that at meeting of the republican county central committee held in Jackson, July 12, 1910, it was ordered that a republican convention be held in Jackson, on Saturday, August 27, 1910, at 10 o'clock a. m. for the purpose of selecting delegates to attend the state convention, for the adoption or resolutions or platform, for the election of a new county central committee, and the transaction of such other business as may properly come before the meeting.

The basis of apportionment for delegates to said county convention shall be one vote for every 25 votes, or majority fraction thereof cast for the highest presidential elector at the election in 1908. Under this apportionment the number of delegates which the respective precincts are entitled is as follows:

Precincts	No Delegates
Jackson 1	3
Jackson 2	3
Jackson 3	3
North Jackson	2
South Jackson	2
West Jackson	1
North Lone	3
South Lone	4
Buena Vista	1
Laucha Plana	1
Oleta	2
Volcano	2
Pine Grove	2
North Amador	2
South Amador	1
South Sutter Creek	2
East Sutter Creek	3
West Sutter Creek	1
North Plymouth	1
South Plymouth	1
Drytown	1
Frost Home	1

Republicans are recommended to meet in caucus in their respective precincts on Saturday, August 6, 1910, to select candidates for delegates to be voted for at the primary election.

By order of County Committee.  
A. M. GALL, Chairman.  
C. E. RICHARDS, Secretary

## REAPING BENEFIT.

From the Experience of Jackson People.

We are fortunate indeed to be able to profit by the experience of our neighbors. The public utterances of Jackson residents on the following subject will interest and benefit thousands of our readers. Read this statement. No better proof can be had.

Mrs Stephen Angove, 14 Water street, Jackson, Cal., says: "I have taken Doan's kidney pills off and on for two or three years and can say that they have spared me much suffering from backache and kidney complaint. I am grateful for the benefit this remedy has brought me and have never lost an opportunity to tell other people of its merits. Although I am by no means partial to proprietary medicines, I know that Doan's kidney pills live up to all the claims made for them, and are worthy of all the praise they have received."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Democratic Candidate For Surveyor.

The democrats, by means of the writing act, have managed to nominate a candidate for county surveyor. This position was left vacant on the ballot, there being no one in the county on their side to accept. When it came to the election, however, there were 45 voters on that ticket who wrote the name of John C. Reeves in the blank space for that purpose. These votes were mostly secured in North Jackson precinct. G. Schrader, the republican candidate, got 42 democratic votes, so that Reeves beat him by three votes.

The nominee we are told is not at present a resident of the county. He is a son of D. D. Reeves, who lived in Plymouth some years ago, and who was a surveyor. His widow and one son still live near Plymouth. John, however, moved to Sacramento county, and is employed with a gang of surveyors there. Whether he can qualify, or wishes to qualify is uncertain. Three months residence in the county is a prerequisite for a county office or to entitle a man to vote. If he is a non-resident now, he cannot qualify. John Cable Reeves was on the great register of two years ago, registered in Drytown precinct. He was then 26 years of age. Whether he has continued to claim a residence in this county we do not know. The matter will probably be tested.

## El Dorado County Vote

Those who registered with county clerk Atwood in time to vote at the first primary election ever held in El Dorado county numbered 2,241. This will probably be greatly increased before the November election when the real contest is on. The number of registrations to date falls short of that two years ago by over 400, due no doubt to the closing down of the El Dorado Lumber Co.'s plant, when several hundred men were employed, who have since moved to other lumber camps. It is difficult to state the party affiliations, as numerous voters on either side of the two principal factions have registered on the opposite side so as to vote for friends. As recorded to the present date there are 1263 republicans; 715 democrats; 54 socialists, and 4 prohibitionists, with 205 who decline to state their party affiliations.—Mt. Democrat.

## Frozen to Death

El Paso, Texas.—Frozen and dead with the thermometer at 105 in the shade was the fate of a homeless Mexican at Maricopa station, 300 miles out of here on the desert. A carload of ice had been unloaded on the depot platform and covered with a heavy tarpaulin. The man seeking sleep and to escape from the terrific heat, crawled beneath the tarpaulin where he was found the next morning, frozen stiff.

## Notice to Voters.

A new and complete registration of voters is required by law during the year 1910. Registration closes for the purpose of voting at the Primary Election on July 26, 1910, and for the purpose of voting at the General Election on September 23, 1910. You may register with the County Clerk, or any of his deputies.

Dated June 8, 1910.

## DEMOCRATIC CONVENTION

### Various Committees are Appointed to Assist in Coming Election

The democratic county convention was called to order on Saturday morning last in the superior court room in Jackson, and on motion passed and carried, John Lithgow was elected chairman of the meeting.

George Lucot of Jackson was elected secretary.

Roll call of delegates was read after which the chairman appointed a committee on platforms and resolutions. The committee appointed was A. Caminetti, chairman, R. Bagley, John P. Phipps; the committee on credentials appointed was James Meehan chairman, W. R. McFarland, John Phipps, T. Gartlin, L. Burke.

The committee on organization was: H. Heffren, L. White, J. Phipps. After hearing the report of the committee on credentials, the meeting was adjourned until 1 p. m. Upon reconvening the following delegates were elected to the state convention:

District 1, E. E. Endicott; district 2, F. Horton; district 3, J. J. Cranmer; district 4, J. R. Phipps sr.; district 5, L. Burke; A. Caminetti delegate at large. The county central committee was empowered to fill all vacancies. The county central committee elected is: District 1, A. Lucot, D. Oneto; district 2, H. Phipps, Hiram Heffren, J. Tubbs; district 3, J. J. Cranmer, Joseph Pigeon, E. R. Santirfo; district 4, L. White, J. Lithgow, L. L. Cuneo; district 5, J. Tibbits; J. Orr, F. Giannini. Delegates at large Dr. E. E. Endicott.

Following is the list of delegates elected to the convention:

Dr. Endicott of Jackson was elected chairman of the county central committee and John Lithgow of Sutter Creek vice chairman.

Precinct 1—John Strohm, James Meehan, E. E. Endicott.

Precinct 2—John B. Sanguinetti, D. S. Mason, W. M. Penry, V. F. Rocco.

Precinct 3—John Barton, Andrew Perovich.

North Jackson—A. A. Massa, W. K. McFarland, A. Caminetti, Dave Oneto. West Jackson—T. Maher, C. Hintman, C. Froelich.

South Jackson—No votes cast.

North Ione—Harry Phillips, Thos. Gartlin, John Bagley, J. Tierney.

South Ione—Jesse Clifton, J. H. Heffren, W. Fortner, Geo. French.

Buena Vista—B. F. Horton, J. L. Tubbs.

Lancha Plana—Frank Hagen.

Vulcano—A. B. McLaughlin, E. R. Santirfo, J. R. Byrd.

Oleta—W. Brown, W. Clark.

Pine Grove—John Cranmer, W. A. Wilson.

East Sutter Creek—L. Fontenrose, J. Lithgow, H. Lehman.

West Sutter Creek—H. S. Hayden, Frank Soracco, John Lithgow.

South Sutter—F. Rabb, L. L. Cuneo.

North Amador—V. Cuneo, John A. Phipps.

South Amador—L. A. White, F. Francis, L. A. White.

North Plymouth—L. Burke, S. Clark.

South Plymouth—John Tippet, J. H. Woolford.

Forest Home—J. D. Meiss, J. D. Anderson, John Orr.

Drytown—E. A. Hall, J. Mathis.

Senator A. Caminetti of Jackson addressed the convention and in a very clear manner explained the platform upon which the county fight would be waged. At the conclusion of the address, the convention was brought to a close.

A. Caminetti read a disjointed report of the committee on platform. We are unable to present the text thereof, as it was not in shape for the printer and have been unable to secure a copy since. It opposed the pending bond issue of \$18,000,000 for state highways, and Asiatic immigration, and a lot of other things. The convention did not have an opportunity to pass upon the completed platform so we presume it will make its appearance later on as the voice of local democracy.

There were only 28 delegates present. As a whole the gathering was a lifeless one, as might be expected, when the matter of selecting candidates is taken from the convention.

As we go to press we have received the full platform and resolutions of the democratic convention, which we are compelled to hold over until next week. It is as long as the moral law, and stuffed with buncombe and platitudes.

**Children Cry FOR FLETCHER'S CASTORIA**

## The Limerock Industry.

W. F. Detert, president, and W. H. Greenhough, secretary of the Amador Limerock Company, went to Mount Echo last Monday to carefully go over the ground where the limestone deposits exist, and decide upon the most favorable points for prospecting operation with a view to ascertain the dimensions of the lead, and its quality. There or four places were selected for the commencement of work. Scrapers and other implements, such as picks, shovels, drills, etc., will be purchased at once, and in a few days operations will be started on the ground. It is expected to prosecute this preliminary work with all possible speed. It will take from a month to six weeks to open the limestone ledge sufficiently to satisfy the company, and until this is done, nothing further will be undertaken.

### Blaze in Shed

A small fire was started in a barn on Peek's hill by a lad who had taken matches and used them as legs for animals which he constructed from potatoes, and with which he was amusing himself. The blaze would have destroyed the shed, had it not been for neighbors who seeing the smoke hurried to the scene with filled water buckets, and extinguished the fire.

### Hopes to Settle

W. G. Snyder, attorney for the lien holders of the Keystone mine, returned from a trip to San Francisco on Wednesday evening. He hopes to have the liens paid off without the delay and expense of a contest in the courts. Mr. Morphy, who is largely interested in the California Mines Co. hopes to make a settlement shortly. It is understood, if a settlement of these liens is made, the company will likely be granted further time by the owner to pay for this valuable mining property, and at an extension of time will aid the company in pulling out of the financial tangle.

### "Practice What You Preach."

It is a good maximum to follow to trade with local dealers. Buy from tradesmen in the community where your lot is cash and from which you draw your living. A striking comment upon this principle was furnished this week. A local merchant sent around catalogues of sample articles, urging people to patronize his home house. Looking closer it was found that the catalogue gotten up in artistic shape, and profusely illustrated, was printed in Chicago. Comment is unnecessary.

R. S. Bierce the local shoe merchant is honored with a visit by his mother and sister, Mrs. M. Bierce and Miss Edith Bierce.

Wm. Lombardi, who is at present principal of the public schools at Angles Camp, and aspirant for the office of county assessor of Calaveras county, on the republican ticket, paid Jackson a visit this week.

## Miner Has Operation

John Mitchell, a young miner was admitted to the county hospital last Saturday, where he underwent an operation for strangulated hernia. Mitchell is an Englishman from Cornwall, and has been recently employed at the Zeila mine. Dr. Endicott assisted by Dr. Griffin of Sutter Creek performed the operation. The patient is rapidly improving, and his complete recovery is looked for shortly. Miss Juisto, a trained nurse of Jackson, is rendering the patient professional care.

### Struck a Rich Mine

S. W. Bends, of Coal City, Ala., says he struck a perfect mine of health in Dr. King's New Life Pills for they cured him of liver and kidney trouble after 12 years of suffering. The year the best pills on earth for constipation, malaria, headache, dyspepsia, debility. 25 cents at Spagnoli's drug store.

### On Business Trip

Wm. G. Snyder attorney at law, and present candidate for the office of district attorney of Amador county left for San Francisco on Sunday last on important business. Snyder has a stupendous case pending against the Keystone Gold Mining and Milling Company, involving over a hundred lien claims, and his present trip to the city is necessitated by reason of this case.

### Girl on the Brain

A young plumber named Fred Bernstrom, employed at different times by Weller and Garbarini, became demented and melancholy over a love affair, and fearing he would become desperate, he was committed to a cell in the county jail, in the early part of last week. After several days confinement, the young fellow became more rational and promised to leave Jackson if enough money would be given him to enable him to do so. Sufficient funds were advanced him, and he left on Saturday morning for Oakland.

### Infant Dies

The infant son of Mr and Mrs John Green died on Sunday afternoon at 3 p. m. at their home on Peek's hill. The infant's life from its birth was despaired of, but the tender and watchful care given it by its mother, enabled the baby to survive the fate which the local physicians said must surely overtake it, for the past six weeks. The funeral was held on Monday last, and the child was taken to Mokelumne Hill, and interred in the family plot, Rev. Thos. Shea officiating.

### Greek Dignitaries Here

Archbishop Platon of the Greek Catholic church paid the local Greek church a visit on Sunday last in the morning and on Sunday evening conducted services at St. Stephens Episcopal church.

Bishop Platon is at the head of the Greek church in the United States, Canada and Alaska. His sermon was greatly enjoyed by a large congregation.

Rev. A. J. Janonsky, Rev. T. N. Pashkovsky, Rev. V. Andorov, Rev. N. Metrogolsky and Rev. V. Greevsky, accompanied Bishop Platon on his tour of inspection through this part of the county.

### Unveiling of Monment.

The unveiling of a monument, erected to the memory of the miners who lost their lives in the Fremont mine disaster of November 30, 1907, will occur in the Plymouth cemetery, on Sunday August 28. The public is respectfully invited to attend the ceremony. A large program suitable to the occasion will be carried out.

## Cuneo's Store Enlarged

The store room now occupied by Peter Cuneo, No. 37 Main street, is being renovated and the improvements will bring the place of business among the prettiest and most convenient in the foothills. Two large show windows and a center door are part of the front improvements, the entire present front will be taken out. A brick wall at the back of the present store room will be removed, and the store room space extended about 20 feet further to the rear. The work is already under way, and will be completed in a few weeks. A new temporary front has been erected, and business will be carried on at the present stand throughout the work of renovation.

### Better Photographs

When you have your "photos" taken by LOGAN you get better workmanship and more satisfaction than anywhere else. Up-to-date apparatus, the best of skill and many years of experience have given LOGAN a well deserved reputation. He is the premier photographer of Stockton. When you come to town don't fail to call at the studio—15 S. San Joaquin St. Prices always moderate—work always best.

### Fine Home Completed

Broadway has another home to its list of beautiful residences. Geo. Vela has recently moved into his new cottage, which is situated on a terrace just opposite the Broadway hotel. The building is built on the lines of a cottage, and has a very impressive appearance. A large front porch and rustic chimney are among the conspicuous features of the structure, as well as a large panel door constructed of Hawaiian mahogany. At the side of the door is an Egyptian lamp which adds materially to the uniqueness of the residence. The interior of the place is so arranged as to rate the home with any in Jackson for convenience.

### Deafness Can not be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars or any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

F. J. CHENEY & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

### Walter Steele. III

Walter Steele, manager of Amador Lumber Company at Sutter Creek, with branch office in Jackson, left for San Francisco to undergo an operation for an abscessed tooth. Steele is also a member of the Jackson baseball team, and has become very popular with the Jackson fans by reason of his fair and hard playing.

### Sold Barber Shop

Ervin Leach has sold his barber business to Frank Valvo and moved his chair etc. into Valvo's new barber shop, where he will also be employed. Valvo now has three chairs working steady.

### Men's Private Diseases Cured

quickly and effectually at your own home by a regular physician of long practice. Medicines with full directions sent to your nearest Express office: you paying the charges \$5.00 on taking out package. Address, Mail Medical Dispensary, Lock Box 36, San Francisco, Cal. No. 5.

### Notice to Creditors.

In the superior court of Amador county, state of California.

Estate of William E. Kellogg, deceased.

Notice is hereby given by the undersigned administratrix of the estate of William E. Kellogg, deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them, with the necessary vouchers, within four months after the first publication of this notice to the said administratrix at the office of Robert C. Bole, 12 Main street, in the city of Jackson, county of Amador, state of California, the same being the place selected for the transaction of the business of said estate, in said Amador county.

Dated August 22, 1910. ALICE KELLOGG MURPHY, Administratrix of the estate of William E. Kellogg, deceased. Robert C. Bole, Avery T. Seale, attorneys for administratrix. Date of first publication, August 26, 1910.

## Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

**DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.** It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.
